

Stillages

JS Burgess are the largest stillage manufacturer in the UK, designing, manufacturing and supplying stillages into many industries such as the Aluminum and Plastic profile, Automotive and Tyre industry, Warehousing and 3PL Logistics, Construction and Gas sectors. This is just a small selection of stillages that we have capability to manufacture.

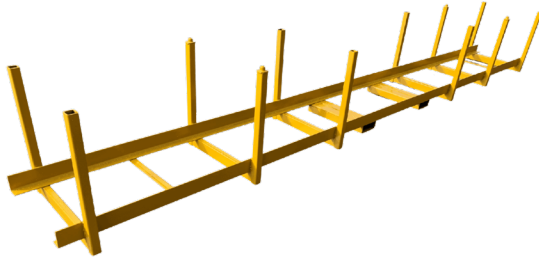

Please get in touch if you have any questions, require a quotation, or wish to discuss a specific project. We'd be delighted to help.
